Weekly Round-up

Friday
2023

Happy Friday Everyone!

Last Friday the 19th May we had our third Aspiration's Day for upper school. Our aim of Aspiration's Day is to share just a few of the interesting and amazing careers there are and to spark an interest and maybe make it an aspiration for our children. We had a fabulous day, all with the help of some amazing parents, who came into school to share with us their careers. We would like to thank Sebastian Hunt, Pags Klavdianou, Lavina De Castro, Caroline Keating, Stuart and Carly Smith, Lyndsey Jolly, Richard Muckleston, David Walsh and Emma Henry for making it an informative and interesting experience for the children and giving up their time to help us.

During the day our visitors shared with the children not only the academic qualifications they would need for each career but the skills that they would use, which was good for the children to see the link to our skills builder. It was great to see the children so interested and confidently asking well thought out questions and getting actively involved.

A Physiotherapist and Neo-natal Nurse

BELIEVE IT.

Exploring different roles in the fire service

The children were fascinated to find out that at Berryworld they had crossed two different fruits to make a new fruit!

We would like to say how proud we are of our pupils for achieving the RSPB Wild Challenge Silver Award. They have worked consistently to support wildlife at Buckden School. Activities they have completed range from pond dipping and learning about mini beasts at Paxton Pits, volunteering to clear the pond ready to be developed, taking part in the Big School Clean and sensory mapping to understand the diversity of nature that we have within our school grounds. Our next projects will include building homes for amphibians and The Big School Birdwatch. Well done everyone.

Year 5 staged their production of Mystery at Magpie Manor this week. They did an amazing job, performing 5 performances over the week. They worked so hard to learn their lines and the songs, their costumes were amazing and their team spirit made us very proud. We are now looking forward to a well deserved rest over half term.

RECIPES

Check out 'Everything Environmental' on the website for plant-based recipes.
