Weekly Round-up

Friday 28th April 2023

Happy Friday Everyone!

We have had six entries through to the winning stages of the Sky Arts competition. The chosen children's work will be featured on the Sky Arts Television Channel. The artwork will feature either within an episode of Portrait Artist of the Year on 21 June 2023 and/or within an on-air gallery that will run on Sky Arts across the week of 19-23 June 2023.

Congratulations to, Betsy Boulter, Daniel Wong, Jack Burns, Jasper Parkes, Olly Slimm and Sydney Jamieson.

Term times

THINK IT.

This week, following on from our Grafham water trip, year 4 put our cycling skills to the test in Bikeability. Children have worked really hard, specifically on their balancing and signally during these sessions to build their ability to use specific skills to cycle on the road. Showing tremendous resilience when challenging themselves throughout the sessions. Children left feeling positive, prepared and excited to cycle safely in the future.

BELIEVE IT.

This week, Year 5 had a visit from Illumina and Cambridge Launchpad as part of STEM within the classroom.

We began by learning about DNA and the role it plays within our bodies. The children really impressed with their knowledge! We learned that all living things have DNA and that, as humans, our DNA is closely aligned to that of a banana!

We then used a variety of scientific equipment to extract the DNA from a strawberry. The pupils were amazed at the process unfolding before their eyes.

RECIPES

Check out 'Everything Environmental' on the website for plant-based recipes.

LIVE IT.

Homework Talk

Linking learning from the classroom to life at home can help to improve language and communication skills. We will continue these discussions in class next week.
