Weekly Round-up

Friday 21st Oct 2022

Happy Friday Everyone!

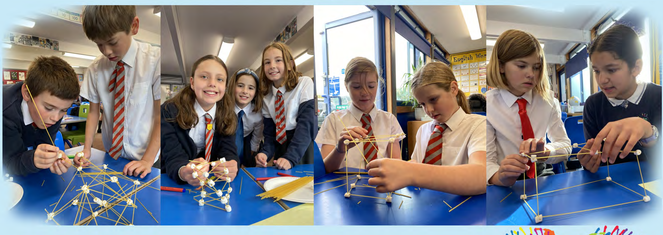
Exciting news!!! We have been awarded Bronze Award as a Rights Respecting School. We are now working towards Silver status. This means we aim to be a school where children's rights are at the heart of our ethos and culture, to improve well-being and to develop every child's talents and abilities to their full potential. This is an award given to schools on behalf of Unicef UK. Unicef is the world's leading organisation working for children and young people and their rights. In 1989, governments across the world agreed that all children have the same rights by adopting the UN Convention on the Rights of the Child (UNCRC). These rights are based on what a child needs to survive, grow, participate and fulfil their potential.

Term times

We really hope that you will be able to support our school on our journey towards becoming a Unicef UK Rights Respecting School. Our Buckden Parliament class representatives are the steering group for this project. It links really closely with our Sustainable Development Goal based curriculum. We will be sharing more information with you about our journey to Silver award over the coming months. If you want to learn more now please see www.unicef.org.uk/rrsa

THINK IT.

This week, Year 6 took part in Diocese Day led by educators at Ely Cathedral. The STEM focus of the day enabled the children to learn about structures, pulleys and medicine and they each took part in practical activities which also tested their teamwork, communication and problem solving skills.



Year 2 have been enjoying outdoor learning this week. We have explored our school field through fieldwork in geography by drawing a map with physical and human features. We included a title, key, compass points and consideration of scale to ensure our maps were accurate. In history, we created a time line of events in David Attenborough's life and worked as a team to order these events.

BELIEVE IT.

BEANO

Here is a link to access a free Beano and Young Minds comic for your child. Claim Your Free Comic | The Official Beano Shop

This is a great resource for raising awareness of mental health with your child.

RECIPES

Check out 'Everything Environmental' on the website for plant-based recipes. Click here!

LIVE IT.

Live it! - Eco tip

Mending and re dying faded clothes can lengthen the life span of clothing that you might otherwise give to charity or throw away. Save on buying new items and save clothes from landfill for a little longer.

Homework Talk

Linking learning from the classroom to life at home can help to improve language and communication skills. We will continue these discussions in class next week.
