

Down at the Bottom of the Garden: What makes us unique and precious?

Christians believe in Incarnation.

God came to earth as Jesus – a real person.

Jesus shows what God is like because God can't be seen. Jesus made God real to people.

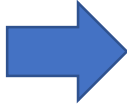

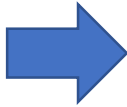

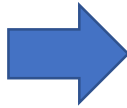

People are God's treasure possessions. Christians should look after all people.

Jesus wants his followers to be like him and show God's love to the world.

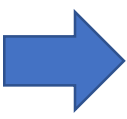

All people are made in God's image, but the image can be spoilt when we make poor choices.

Christians believe

Every human is precious to God.

Jesus welcomes the children
