## Weekly Round-up

Can we say a huge thank you on behalf of Godmanchester Foodbank for you generosity with your donations to our harvest festival. We had a great time with Father David in a fully participating service.

It was lovely to be altogether as a school in church and celebrate the Harvest together. We would also like to thank our parents who helped to get us all to and from

church safely.

THINK IT.

Year 5 have had a great week. They have worked so hard on their inference skills in English and are showing such compassion for Bradley, our main character. We are really excited to write a diary entry from his perspective.

Additionally, both classes have demonstrated great football skills. What has impressed us the most is the team ethos. They have assumed coaching roles and have given some great constructive feedback and support to each other.

Year 3 have been really enjoying DT this term. All the children have enjoyed getting hands on with practicing their running and cross-stitch skills. They have showed a lot of our skills builder qualities, especially aiming high and staying positive. Each child will design and produce their own bookmark by the end of this half-term. So far, all the designs have been fantastic and we are really looking forward to seeing the children making these designs, incorporating their best running and cross-stitch. Well done Year 3!

read? You would be such a valuable resource to us here in school. If you are interested please email me Mrs Heather on mheather@buckdenacademy.org

All applicants will have to have a DBS applied for by the school.
