Weekly Round-up

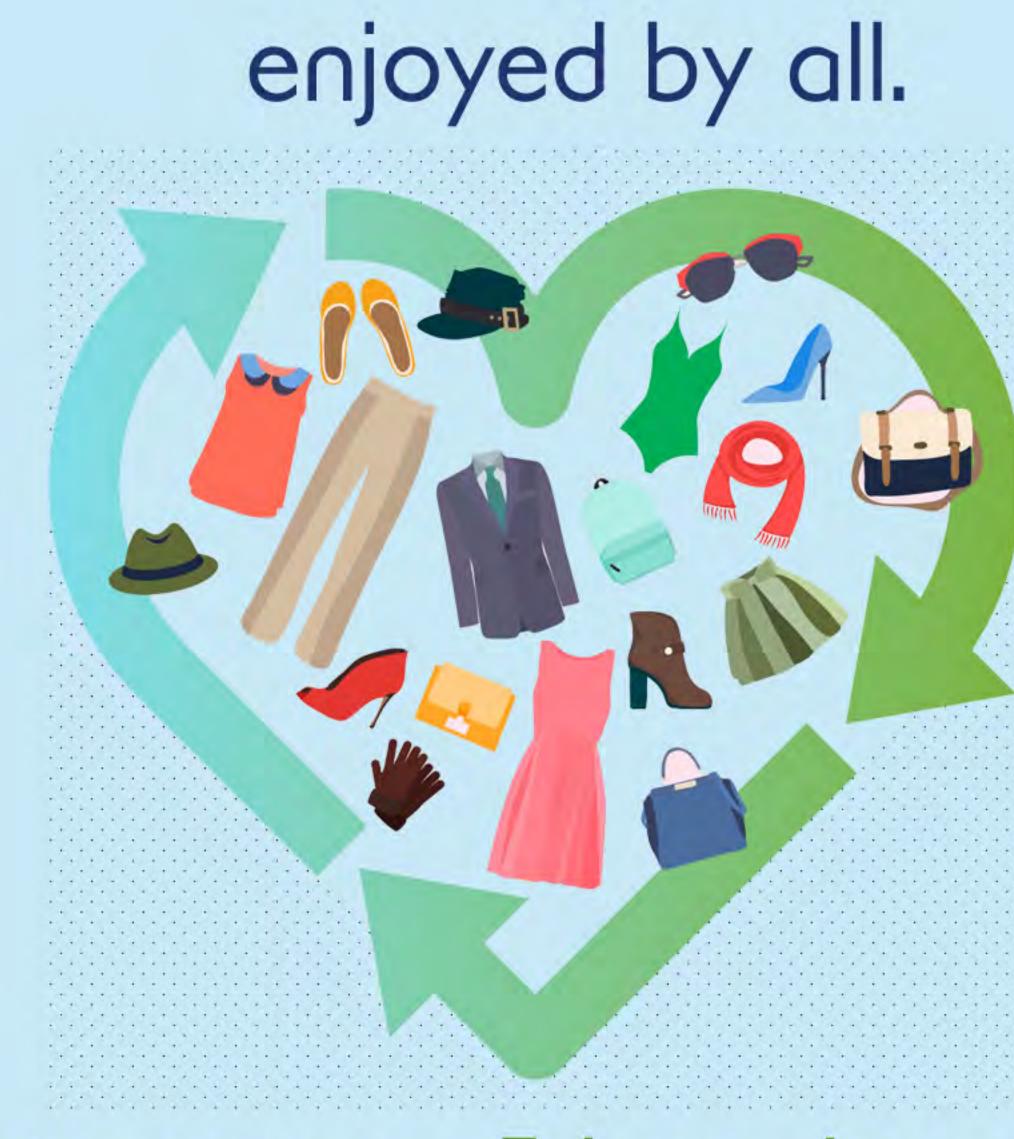

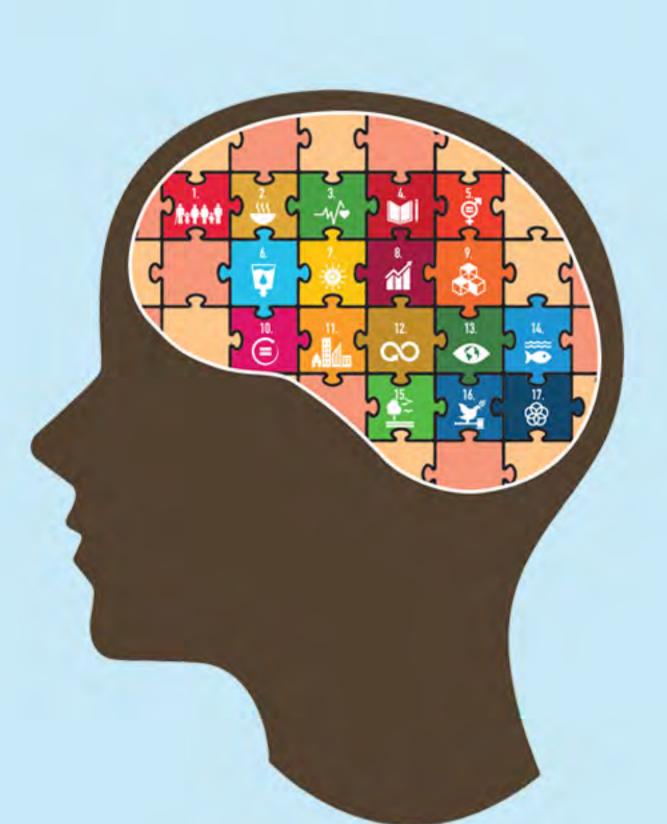

Happy Friday Everyone!

Our year 6 leavers will be holding an Enterprise afternoon on Thursday 13th July on the playground for a charity of their choice (TBC). All children will be able to visit their stalls and activities for a small charge. You may send your child with some change up to £3.00 in silver coins in a named container so they can take part in

the activities. We have had some lovely Enterprise afternoons in the past

THINK IT.

During summer term year 5 have been learning about fast fashion. They have found out how clothes are made including how cotton is grown and then how clothes are made in factories. We looked at how the workers are treated and the impact the process has on the environmental. Finally, we looked at how we could make a difference in our own choices. Year 5 decided they would like to do something to try to make their own small difference, we decided that helping to sell second hand uniform is something that they can do that actually does make a difference.

On Friday 7th July year 5 will be hosting a second-hand uniform sale on the playground from 2.45pm.

BELIEVE IT.

We had a fantastic response to our fundraising 'Ice cream sale' on Friday the 30th June after Sports Day.

We had many Year 3 volunteers and work experience people who helped us sell our delicious ice lollies and ice creams. We raised £240; this will go towards forthcoming educational trips.

Thank you so much for all your support!

PTA Family Fun Day! We hope that everyone had a great day, thanks to everyone who helped, volunteered and donated prizes, it couldn't have happened without you all. The day raised over £1700 for the PTA funds which will go towards finishing off the school pond ready for the children to use next year.

A huge thank you to everyone who joined us for last weekend's
