

Weekly Round-up

Friday 8th September 2023

Happy Friday Everyone!

Term Times

Welcome back! It has been a lovely first week back in school, everyone is settling back into their routines.

I have popped in and out of classes and I have been impressed with the excellent learning behaviour that I have seen and all the exciting lessons happening, check out the [Year blogs](#) to find out more.

Our Year 6 have been to Norfolk Lakes for their residential this week and it has been great to hear that they have had a fabulous time, they have certainly had the weather! If you would like to see some more of the photos click [here](#)

We are looking forward to a busy and productive term, with lots more exciting things planned to enhance the education of our children.

Best wishes Michelle Heather (Headteacher)

You may have noticed the playground markings if you have been into school, these have been purchased with our Sports Premium Funding to encourage active play and it has been great to see them being used already.

Non-school uniform day, Friday 29th September

To celebrate our participation in the Standing Tall sculpture trail, and the arrival of our Mini Giraffe, we are inviting pupils to come to school wearing an outfit that showcases their uniqueness or what they're proud of. You're welcome to come in your own clothes to show your unique style, or perhaps you're a proud dancer, gymnast, or player for a sports team and would like to wear your kit. We ask for a donation of £1 per student to go towards the Standing Tall project and to purchase further art supplies to benefit nurturing all students' creativity.

We are very pleased to let you know that we have ID Image Development, who are a locally based photographic studio based in St Neots, coming into school on Wednesday 20th/Thursday 21st September to take our school individual photographs of the children.

After the positive feedback we received from last year's photo's we are excited to let you know that once again the photos will be taken outside. Obviously this will depend on the weather, if the weather forecast is not looking good for either of the days we will let you know if we plan to re-schedule.

Improved Tranquil Area

Last year's Year 5 spent some of their Summer term thinking about how they could help ensure the Tranquil Area is used appropriately, and how it can be made more inviting for those students who prefer to spend their break times in a quiet/reflective space.

We would all like to say a MASSIVE thank you to those parents/community members who heard our plea for resources and donated supplies. The space (still a work in progress) now has colouring books, picture books and drawing supplies, outdoor beanbags and cushions, bird boxes and a prayer box for students to benefit from.

We'd like to say a particular thank you to Nick Mann and Lynn Summerfield for their very generous donations of outdoor beanbags and two tables with a selection of chairs (for the Tranquil Area and Learning Lodge).

As our new Year 6s, the students will be monitoring the area to help ensure it is respected, kept tidy and used only as a quiet space. As such, we politely ask that during drop-offs and pick-ups that you refrain from allowing children in this space. Also, if you have any unwanted picture books, card games or colouring supplies we'd be very grateful for any further donations.

Thank you, Mrs Schmidt & Mrs Anderson

Just a gentle reminder around parking, there are a number of parking restrictions around school that are there to keep our children safe. Please can you adhere to these restrictions at all times! Also when parking in the local neighbourhood please do not park across driveways or too close to corners.

Homework

Talk

Linking learning from the classroom to life at home can help to improve language and communication skills. We will continue these discussions in class next week.
